

California's Career Technical Education:

Preparing Students for the 21st Century and Beyond

...a pool of talent that both attracts the world's leading businesses and hastens the development and success of new ones, creating opportunities for all."

—Steve Padon, State Superintendent of Public Instruction

"We seek the day when every enterprise in California—public and private—has access to a pool of talent that both attracts the world's leading businesses and hastens the development and success of new ones, creating opportunities for all."

Engineering and Architecture

- Architectural Design
