2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Tulare Western, home of the Mustangs, is a place where staff, students, parents, and the community take pride in pursuing academic excellence in an environment that is safe, caring and welcoming. This pride in our identity is reflected in academics, extra and co-curricular activities, athletics and community involvement.

Located in the San Joaquin Valley, Tulare Joint Union High School District serves more than 5,000 ninth through twelfth grade students at three comprehensive high schools, three alternative schools, and a community day school.

The diverse population enables the school to embrace many different cultures and create an environment that welcomes all. Tulare Western High School is dedicated to ensuring the academic success of each student, and provides the most comprehensive educational experience possible. All programs at the school are founded on the principle that students come first.

Located in the northwestern section of Tulare, Tulare Western High School will serve nearly 2,000 ninth through twelfth grade students during the 2023-2024 school year. Tulare Western High School is known throughout the San Joaquin Valley for their excellence in Academics, Athletics, Arts, and Agriculture program. Mustang PRIDE flows throughout the campus and community of Tulare. Tulare Western staff, students and parents are ALL-In when it comes to academics, athletics, arts and agriculture. Tulare Western is a school that prepares students for college and career, and also has an amazing CTE program, AVID program, and numerous opportunities for students to be involved. Tulare Western High School has been recognized by US News & World Report as a silver medal school, one of the top High Schools in all of America. Tulare Western's school culture is one that students desire to be a part of. Tulare Western boasts the highest daily attendance rates in the district, and provides numerous opportunities for students to be involved on campus through clubs, teams, and activities.

2023-24 School Description and Mission Statement

Tulare Western's Mission Statement: Tulare Western High School is a community of life-long learners in a safe and challenging learning environment that prepares all students to become well rounded, productive, and responsible citizens.

Tulare Western's Vision Statement: Tulare Western is ALL-IN on achieving excellence in a diverse environment that is safe, caring, and welcoming. This PRIDE in our identity, is reflected in academic achievement, extra and co-curricular activities, athletics, community involvement and college and career readiness.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Permits and Waivers	0.40	2.00
Misassignments	4.60	6.70
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	5.10	8.70

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.70
Local Assignment Options	5.50	3.90
Total Out-of-Field Teachers	5.50	4.60

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	5	7.7
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	4.6	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Tulare Joint Union High School District held a public hearing on September 15, 2022 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education. The table displays information collected in January, 2023 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Situated on approximately 45 acres, Tulare Western High School was originally constructed in 1959 and has been thoroughly modernized over the past several decades. Tulare Western High School is currently comprised of 77 permanent classrooms, a library, a career center, a cafeteria, one multipurpose room, three softball fields, three baseball fields, a football practice field, six tennis courts, and two gymnasiums. The chart displays the results of the most recent school facilities inspection. Specific findings of the most recent inspection are available in the main office upon request.

Cleaning Process

Tulare Western High School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by Tulare Western High's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Tulare Joint Union High School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	16	21	16	18	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

The following Career Education and ROP programs are offered to Tulare Western students:

- Furniture/Cabinet Making
- Health Occupations
- Accounting
- Careers in Education
- Digital Design
- Agriculture Business
- Agriculture Mechanics
- Livestock Management
- Agriculture Science
- Drafting
- Food Service
- Merchandising

The following classes are articulated with College of the Sequoias:

English 1, English 2, US History, Beginning and Intermediate Sewing, and Medical Terminology

Teachers throughout the district have established benchmarks and essentially learnings for all coursework. Students participate in program majors and career pathways, and these courses give students an opportunity to complete these pathways. All of these career-technical programs have classes that offer rigorous coursework for all students. Within each CTE program there are a sequence of courses which allows students to gain the skills and knowledge necessary to earn a certificate of completion

All Career Technical Education programs are available to all students in the district. Many students go to the district farm or other campus to take a CTE course. High school counselors work with all students in identifying their goals and career pathway or program. Career center technicians work with students on interest surveys and identify careers as well. All students are invited to participate in CTE programs regardless of socio-economic background, ethnic background, or learning ability.

Several assessment tools are used for all CTE programs and courses. They include: reports on enrollment, concentrators and completors for each CTE program. Follow-up surveys on student placement in the industry or continuing education information helps the district evaluate the course, also. Several advisory committees involving business representatives, teachers, parents, and students evaluate all CTE programs and courses throughout the year.

For more information about Career/Technical Education and/or the district's Regional Occupation Program, please contact Maria Bueno, Assistant Superintendent for Student Services and Special Programs.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Tulare Western High School. Tulare Western parents annually participate in Parent Institute for Quality Education (PIQE). Parents also participate in school-site council and ELAC committee. Numerous programs and activities are enriched by parent volunteers and the generous contributions made by the following organizations: Tulare Western Parent and Academic Club, Athletic Boosters, FFA Boosters, and Band Boosters. For more information on how to get involved, visit the school website or contact the school directly. Parents and students benefit from parental involvement and is founded as one of the keys to a successful high school experience.

2023-24 School Safety Plan

The safety of students and staff is always a priority at Tulare Western High School. Tulare Western installed a secured door/buzz-in system, so all guests entering through the main office or the counseling office, get cleared prior to entering the campus. All guests to the campus must sign in at the office and wear a visitor's badge at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among teachers, school administrators, and campus security staff. To safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed, which is updated every spring. Any revisions made to the plan are reviewed immediately with the staff. Key elements of the Safety Plan focus on the following: child abuse reporting procedures, disaster response procedures, suspension and expulsion policy, sexual harassment policy, teacher notification of dangerous pupils procedures, and safe ingress and egress of pupils, parents, and school employees. Tulare Western Admin has worked with stakeholders to develop a plan to reduce suspensions of all general education students and special education students. Tulare Western is implementing a Positive Behavior Intervention and Supports program which includes an incentive program for positive behavior, spirit shirts, and a PRIDE assembly at the end of the school year to recognize and celebrate student success.

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake and intruder drills, are held on a rotating basis. Tulare Western staff have also been ALICE (Alert, Lockdown, Inform, Counter, Evacuate) trained for scenarios involving campus intruders or active shooters on campus.

Professional Development

Student Achievement Data is monitored regularly by the District and sites. Based on the data we have a number of areas that have been the focus of professional development. We are in our third year of implementing PLCs with fidelity focusing on aligning curriculum, grading, instructional practices, and interventions. In addition, ensuring appropriate supports for our Emerging Bilinguals, Special Education, and other minority student groups is in the forefront of our professional development activities.

The math program has changed their curriculum in Algebra 1, Geometry, and Algebra 2 therefore there has been extensive

Professional Development

professional development in the new curriculum and the strategies to be utilized with this new curriculum. The District provides Instructional Coaches in the areas of math and ELD.

The district has contracted with Solution Tree to provide training and support to our PLCs as they continue to focus on the hard work of Collaborative Teams. The District continues to provide professional development to the core departments providing support in their process of aligning curriculum with the California Common Core State Standards, instructional strategies, and intervention practices. Instructional Technology is another highly supported area. A majority of the professional development activities are conducted during the school day with teachers being provided substitutes so they can attend the PD sessions required by the District. There are also opportunities to teachers to participate or request individual support from the coaches or access to workshops, seminars and conferences.

Additionally, staff are trained in Youth Mental Health training, CPI (Crisis Prevention Institute) training, PBIS (positive behavior interventions) and much more.

This table displays the number of school days dedicated to staff development and continuous improvement.
